**CONTINGENCY OPERATIONS****1701 GENERAL****170101 Purpose**

This chapter provides instructions applicable to budget formulation and congressional justification for contingency operations. The information provided for contingency operations, as reflected in this chapter, meets the requirements of section 8110 of P.L. 106-79, the DoD Appropriations Act, 2000. It requires the Department to include the same type of budget justification material for contingency operations as is provided for other DoD activities.

**170102 Submission Requirements**

A. This chapter addresses the requirement to budget for new and ongoing contingency operations costs. This information will be used to justify resource requirements for directed contingency operations – specifically the justification of the incremental costs for supporting a designated operation. These incremental costs will become the basis for any funding requests forwarded to the Congress through the normal appropriations process or through emergency supplemental appropriation requests during the year of execution, if warranted. A more detailed discussion of Contingency Operations, as well as the methodology to be used to determine related “incremental costs,” is provided in Chapter 23, “Contingency Operations,” of Volume 12 of the DoD Financial Management Regulation (DoD 7000.14-R).

B. In order to ensure that the funding being requested is defensible and realistic and that the submitted data and justification material complies with congressional requirements, each Component is required to submit the contingency operations budget exhibits using the formats included in section 1703 of this chapter. These exhibits provide detailed cost estimates and must be completed for each contingency operation. In addition, using the same formats, each Component must submit a Summary Exhibit for each region (e.g., Bosnia, Kosovo,) and a Total Summary Exhibit that consolidates all of the Component’s incremental requirements for contingency operations. Each Component will include in its submission the incremental costs for contingency operations for all intelligence-related activities (i.e., TIARA, JMIP, etc.) except for the incremental costs for National Foreign Intelligence Programs (NFIP). The Community Management Staff (CMS) will be responsible for preparing and submitting the required exhibits to report the incremental costs for contingency operations for all NFIP-related activities.

C. The required exhibits are to be provided in both hard copy and electronic copy via diskette or e-mail (using Microsoft word for the OP-5 exhibits and Excel spreadsheets for the CONOPS-1 exhibits) to the Operations and Personnel Directorate, Pentagon, Room 3D868. Specific e-mail addresses can be obtained by calling (703) 697-9317, x13.

D. General guidance with regard to submission requirements is presented in Chapter 1. Chapter 17 covers specific backup material required for the overseas contingency operations. The Components should also consult all of the other chapters for exhibit requirements that are not specifically addressed in this chapter including Chapter 19 – Other Special Analysis.

**170103 Preparation of Material**

General guidance with regard to format and preparation of material is presented in Chapter 1. Section 1703 provides the justification material formats.

**170104 References**

Chapter 23, “Contingency Operations,” of Volume 12 of the DoD Financial Management Regulation (DoD 7000.14-R).

**1702 BUDGET ESTIMATES SUBMISSION & CONGRESSIONAL JUSTIFICATION/ PRESENTATION****170201 Purpose**

This Section provides guidance for preparation and submission of budget estimates for Contingency Operations. The budget estimates will separately identify the incremental costs for operation and maintenance, military personnel, and other applicable (e. g., procurement) resources required to support specified contingency operations. For the President's Budget request submitted to the Congress, all approved contingency operations incremental cost requirements will be reflected in the Overseas Contingency Operations Transfer Fund (OCOTF), and the level of detail provided must address the congressional concerns for adequate visibility and justification of requirements.

**170202 Submission Requirements**

A. Each applicable Component is responsible for submitting the Contingency Operations exhibits covering the operation and maintenance, military personnel, and other applicable (e. g., procurement) incremental costs for each specified contingency operation, a "Summary" exhibit for each region (e.g., Bosnia, Kosovo) and a "Total Summary", exhibit" that consolidates all the Component's incremental requirements for contingency operations. The formats for these exhibits are provided at section 170302. Hard copy and electronic versions of each exhibit must be provided to Office of the USD(C) P/B Operations and Personnel Directorate, Room 3D868 in the Pentagon. Electronic formats will be provided in Microsoft Word for the OP-5 exhibit and in Microsoft Excel for the CONOPS-1 exhibit.

B. These exhibits will be prepared and submitted to the Office of the Under Secretary of Defense (Comptroller) (USD(C)) in accordance with the schedule defined in the annual budget guidance memorandum published by the USD(C) for the fall budget estimates submission (BES) and for the President's Budget (PB) submission. Each exhibit will be prepared separately for the BES and the congressional justification/presentation process.

**1703 CONTINGENCY OPERATIONS SUBMISSION FORMATS****170301 Purpose**

The formats provided on the following pages reflect the guidance presented in sections 1701 and 1702 of this chapter. Unless modified by the OUSD(C) in a budget guidance memorandum, the formats must be followed.

**General Guidance:** A separate exhibit should be prepared for (1) each contingency operation, (2) a summary exhibit for each region, and (3) a total exhibit for each Component. Each Component will include in its submission the incremental costs for contingency operations for all intelligence-related activities (i.e., TIARA, JMIP, etc.) *except* for the incremental costs for National Foreign Intelligence Programs (NFIP). The Community Management Staff will be responsible for preparing and submitting the required exhibits to report the incremental costs for contingency operations for all NFIP-related activities.

**I. Description of Operations Financed:** Provide a narrative explanation characterizing the mission of this particular contingency operation and address the major cost drivers such as the number of base camps, the number of troop rotations, and the related troop strength supporting the contingency.

**II. Force Structure Summary:** Identify in tabular form *by operation*, the average monthly troop strength for active duty, Guard and Reserve Components deployed for this contingency operation for prior year, current year, and budget year(s).

**III. Financial Summary (\$ in Thousands):** Report incremental costs only. **Note:** Include only non-NFIP intelligence costs. The CMS is responsible for reporting incremental NFIP costs.
